

July 15, 1940.

Mr. S. Floyd Currier,
Manager, Municipal Swimming Pool,
Abilene, Kansas.

Dear Mr. Currier:

I am very happy to have your letter of the 9th instant telling of your use of Goal-Hi in your swimming pool. I was much interested in what you had to say regarding the rules and the way you manage the game.

We have been using Goal-Hi in our pool here in the gymnasium, and have covered the base with rubber so that there is less danger of it slipping around in the pool.

I am taking the liberty to send your letter on to Mr. Roy E. Weinzettel, of the Fred Medart Manufacturing Company, of St. Louis, Missouri, manufacturers of Goal-Hi equipment. I am sure that he, too, will be much interested in your letter.

With best wishes for your continued success, I am

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
