

April 19, 1940.

Mr. M. F. Ahearn,
Director of Athletics,
Kansas State College,
Manhattan, Kansas.

Dear Mike:

I was happy indeed to hear from you and to know that you are interested in two things that old man Allen is interested in - golf and Goal-Hi.

The Goal-Hi equipment is made by the Fred Medart Manufacturing Company of St. Louis, Missouri. I am asking them to communicate with you at once. I spent quite a bit of last summer writing a complete set of rules for the game. These rules accompany the equipment.

I think it is a corking good game because the focus of activity is the goal. The ball doesn't go out of bounds, and the youngsters receive the value of basketball fundamentals without the shuttling back and forth.

I am looking forward to seeing you at the Relays tomorrow.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
