

You can rest assured that I will help you and Bob and Clarence in every legitimate way, and when these boys graduate from the University of Kansas they will have a profession or vocation that will assure them a good livelihood through life.

I am wondering what the boys desire to study. If you will inform me I will be glad to send them a catalog from the college in which they are interested in this University.

With best wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
