Atlanta, Georgia.

Dear "Mule":

It was a pleasure to hear from you and to know of your interest in our new game, Goal-Hi. There is a great interest in this game all over the country, and I believe we have only touched on its possibilities.

Goal-Hi equipment is made by the Fred Medart Manufacturing Company, of St. Louis, Missouri. They have also published a rules book for Goal-Hi which I wrote last summer. I am sending your inquiry on to the Medart Company, asking that they have their representative get in touch with you immediately.

I, too, am sorry that we didn't have an opportunity to play golf together when I was in Atlanta last summer, but I hope some time in the future we may have that pleasure.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
