Phog:

The following is confidential information about the Brannum boys at Winfield the source of which is reliable but does not want to be quoted to Brannums; or to others in Winfield:

Both boys are good basketball players

Both have another year before becoming 18

Both visited U of Kentucky one week. That University refused to accept them. One of them took work in English this summer at Southwestern to make up  $\frac{1}{2}$  unit therein and failed.

Both are said to have good minds, hard to manage at times.

One is married.

Cordially,

J.C.
