Just received word from New York that two sound crews will <sup>be</sup> at the game, ~~Friday~~, and my boys will also be on the story. They are coming from Chicago and will cover the Corn Husking Contest also.

This puts me on the spot as I have covered husking contests many times and know the actual contest is over in a short time, yet often the judges and scorers take several hours to determine the winner. One crew must stay at the farm, my men and the other sound crew will come to the K.U. Stadium. This means it is necessary for me to take care of two trucks with a total of four cameramen from Chicago and my car with two cameramen and two helpers, making eight in all and a note to your West gateman to allow our trucks to pass.

Your Goal-Hi story should be along now, just as the football season ends. The last shots were well received and a letter explains that they are holding the negative for a tie-up with an opening basket ball story.

Thanking you for your attention for one minute to the above request, I close with a millions wishes for K.U. to win the balance of the games.

Cordially
