

September 30, 1939.

Superintendent Minter E. Brown,  
Anthony Public Schools,  
Anthony, Kansas.

Dear Superintendent Brown:

Thank you very much for your inquiry regarding "Goal-Hi". I am glad to know of your interest in this new game.

The Goal-Hi equipment is manufactured by the Medart Manufacturing Company, of St. Louis, Missouri. They are also publishing a rule book which will accompany each goal that is purchased. I am sending your letter on to this firm so that they may send you definite information on the equipment, prices, and so forth.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
