

U. S. NAVAL AIR STATION
GROSSE ILE, MICHIGAN

March 22, 1944

Dear Doc:

My stay in Kansas was a very short one. Few weeks to be exact. I had hoped to be there longer, however, the Navy "insisted" (?) I come up here. I had to rush to do it too, because I only had two days (48 hrs) to make it here and not be a. o. l. (Away over leave). It's an entirely different country than I anticipated, too. If you think western Kansas is flat you should see this. Possibly you have, so pardon my ignorance on the subject. We are about twenty miles south of Detroit - and I don't believe there is a hill from here to Detroit. Just flat. Plenty cold, too.

I see by the papers ~~here~~ that the N.C.A.A. is about to have some basketball in Kansas City. That's one thing I hate to miss -
