Dear Du. Allen

Enclosed find copies of the New York
Papers which I thought might be interesting
to you. There is ~~not~~ no doubt you were
right in your charges some months ago. It
will be interesting to see some of these N.Y.
Sport Writers, who are friends of me. I wish, and
who are influenced by a few free meals,
Crawl out of this mess. Now is the time
to insist that any college that wants to
be Simon pure, Pass up the Garden fence,
and compare their playing to College Synis.
If they are on the level they will do so.

Best regards
J. A. McFarland
