

Boston Garden, only 50 miles from here, some good publicity, but, it now becomes extremely hard.

I notice that you stated that you would like to see a czar appointed for the college hoop sport, I thought I would write and tell you that those are my sentiments. Therefore, the sentiments of one of the strongest papers outside of the Hub.

If I had my way I would nominate you for the job as up until now I don't know of any basketball man who has done as much to bring this terrible situation to light as you have.

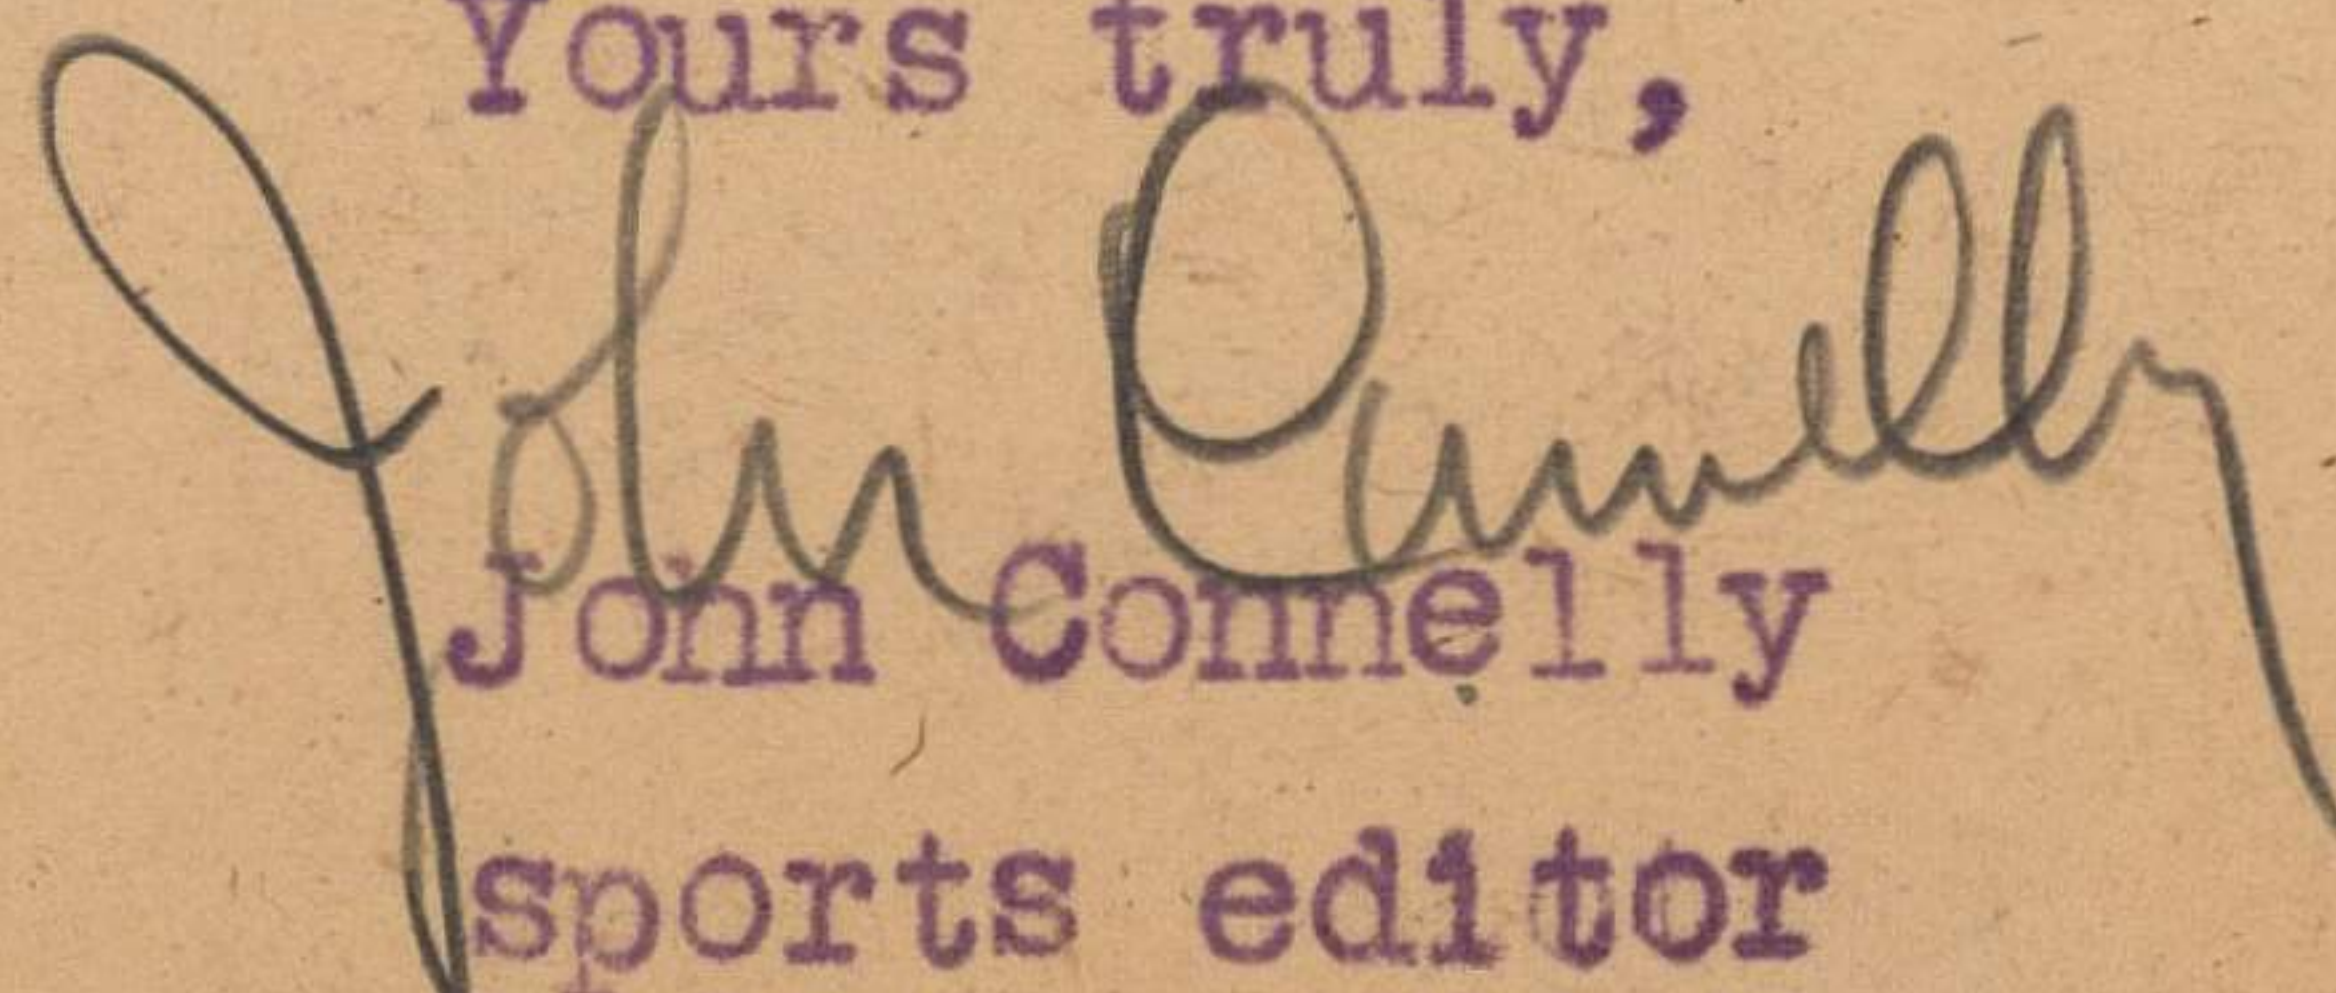

What would you say if you were offered the post?

I'm not pretending that we carry enough weight here to do any swinging on this thing, but, I thought you might like to know the sentiments of the hoop men in this part of the country, they admire your stand immensely.

And we will be in there pitching if the time should ever come when your name might come up for consideration.

Congratulations again on the prediction of the expose.

Yours truly,
