Dr. F. C. Allen  
Department of Athletics  
University of Kansas

Dear Phog:

I want to thank you again especially for myself and also in behalf of Lawrence Rotary members for the fine gifts. It was thoughtful of you, nice of you to present them, and it is certainly a present to be proud of. Personally, I would like for you to autograph mine.

I want to congratulate you also on the fine manner in which you conduct the Rotary meetings. I can think of no one in the world finer to work with on committees than our own "Phog" Allen. Sometimes we get so busy that we forget to pay tribute to our own proteges. You know, some of the most famed are not appreciated in their own community.

Thanks also for the personal favors and interest in our high school. May your holidays be happy and prosperous.

Very sincerely yours,

Ralph E. Graber
