

lasted but a short time. We are now  
able to live with those easterners now.  
Now if we only had some messourians  
here.

AVIATION CADET CENTER  
SAN ANTONIO, TEXAS

The army is a great life. If only a coach  
could get his players to keep the hours that  
the air corps makes their men <sup>keep</sup>. I am  
classified as a navigator and will probably  
leave here in about two or three weeks.  
at the present I have charge of physical  
education of our squadron of <sup>(I'm not supposed)</sup> ~~to~~ tell men.  
It is quite a number though. The physical  
training lieutenant is a great fellow.

I hope you continue winning which  
I'm sure you will. Good luck.

Sincerely yours  
Denzel Tibbens
