Coach Bob Gibb,
Boise Senior High School,
Boise, Idaho.

Dear Coach Gibb:

Yes, indeed, I do remember you and I remember the time when Gene Haylett introduced me to you.

I am glad to know that you have a copy of "Better Basketball", and I am hoping that you have derived some benefit from it.

Now, regarding the film, I shot a film with our Kansas players for the Eastman Kodak Company. It is called "Basketball Fundamentals", a fine two-reel film. Our Bureau of Visual Instruction in the Extension Division of the University rents this film for a rental fee of \$2.00 plus transportation charges. If you will write them I believe you could make arrangements to obtain it. I show it to my varsity and freshman teams, and it fits right in with "Better Basketball" because it is a part of our system. I believe your boys would get a lot out of it.

Wishing you continued success, I am

Sincerely yours,
