

This year we have instituted a Physical program which requires all of our men students to take daily classes. It follows rigidly the Army and Navy toughening program - involving as you know Calisthenics, Soccer, Touch Football, Wrestling, Boxing, Obstacle Course work and Swimming - as far as the Fall program was concerned. We are getting such good results that I hope we will have the courage to continue the 5 a week program after the war. Don't you feel the same way about it?

It's difficult to know what a man's duty is these days - but in any case I want to get all my papers on file.

Sincerely

Dick Godlove
