Pvt. Ted Bean, 15109155,  
A Batry. 232 F. A. Bn.,  
Fort Sill, Oklahoma.

Dear Ted:

I haven't written you for quite some time but thought I would let you know that we still very definitely hope when you are mustered out and the G. I. Bill of Rights works in your behalf that you will consider Mount Oread and the University of Kansas as a place where you can get a swell education and, I hope, play on a basketball team that will take second place to none.

You bet, the G. I. Bill of Rights will be the answer if you really want to come, and I want to tell you that we really want you. Yes, sir, you will be eligible for basketball the first season. They will not make any of these boys wait a year after they have fought for dear old Uncle Sammy.

Our football team is really going to town and everybody is tremendously enthused about it. E. C. "Ernie" Quigley, of national fame, is our new Athletic Director, and he is really putting the zip into things.

I certainly am passing on your best wishes to the coaching staff and they all want to be remembered to you. Col. McMorris is especially fond of you. I see him often and he thinks you are regular in every way.

Let me hear from you occasionally, old fellow. It is always a pleasure. Best of luck, and keep that chin in its accustomed place.

Very cordially yours,

Director of Physical Education,  
Varsity Basketball Coach.
