I just wanted to drop you a belated note to tell you how much we enjoyed having you on the program the other night at the Founder's Day banquet.

You were awfully nice to come, Phog, during your busy basketball season and we really appreciated it.

In the meantime I hope your team goes through the rest of the season with out another single defeat--- I'll be up to see at least one of the games and I'll drop around to say "Hello". In the meantime, here's wishing you the best of luck.

Cordially

JOE
