Dear Phog;

Thanks very much for you letter of February 21st.

I certainly appreciated very much the opportunity of refereeing the game at Lawrence, and while I thought it was a tough game the players on both teams were certainly very fine.

You mentioned the fact that it was your impression that there was constant illegal starting of the dribble, by the Oklahoma boys. I checked this very closely, and at times I would think it was very questionable, but it was very difficult to detect.

Again I want to tell you I really enjoyed officiating for you, and I sincerely hope that I may again have the opportunity of working again for Kansas U. Kind personal regards.

Sincerely yours,

  
Ronald J. Gibbs
