Hello Doc

I hope you won't feel that this letter is out of place but I wanted to pass on some information that might be a some value to you. You see Doc I want to be able to say "I helped beat Oklahoma" after your Friday's night game in Norman.

I appreciate that you have probably seen Oklahoma play since Tucker is in the lineup but I was With Elwyn Dees and Lewandowsky in Norman for that game a week ago and this is the comment Lewandowsky made after the game. If I had played two men on Tucker and sandwiched him I believe that we might have won. Tucker in that particular game played directly below the goal and they would work the ball into him and he hit about 60% of this pot shots.

Mrs. Graves and I will be there yelling for you Doc, as always. I will be more than glad to chart the shots of both teams if you want me to. I will try to see you on the sideline just prior to game time to see if I can help Kansas beat Oklahoma.

At the Nebraska-Oklahoma game I charted shots for Nebraska and the crowd around me thought I was scouting for Kansas and they made it plenty hot for me. After the game I was on the floor and nearby were some of the OU players. They were yelling "Bring on Dr. Allen and his boys, We're ready for 'em."

Give Mrs. Allen our kindest regards,

Verty truly yours

Thereno F. Graves
