Mr. Chester Gibbens,
4328 Cambridge,
Kansas City, Kansas.

Dear Chester:

I am as happy as you are in that you got your job with Phillips. Congratulations!

I am sorry that I did not get to see you when you stopped last Saturday morning in the office when you were up for the Iowa State game. I certainly would have liked to have had a visit with you. I see Denzil quite often and really I have a tough time differentiating between Chester and Denzil. There were six Allen boys in our family and everybody had difficulty when we were apart from each other in identifying us according to our rightful tag.

Chet, I am mighty happy to do anything that I can for a very worthy young man. You may always count on my helping you if and when an opportunity presents itself.

Lots of good luck, boy.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
