

Mr Seagle said he thought April was the best month to have the tournament. He further stated that if you could remain here for an extra week or two he could arrange coaching schools for you ^{to conduct} here on the island of Oahu and the other islands.

He wants you to send him plenty of publicity - the record ^{and chances} of the team for next year, your record, and everything else you can think of.

I asked him what he thought of the chances of a team from K.U. being invited over here, and he said a great deal depended upon the public, as indicated by the letters received, the newspapers etc.; so give him plenty of publicity data. Of course, the first thing he told me was that the most important thing was finances. I told him that I thought you could bring a team over here for about the same amount of money as he would pay a Pacific Coast team.

I have written this in an auto repair shop, with many interruptions. I hope your beating U.S.C. last year should have plenty of influence on public.
