

Now, regarding John Buescher. John is taking tutoring from Burt DeGroot and he is going to take his examination sometime this next week. I sincerely trust that he will make the grade. I am hoping so, and I believe DeGroot will have him in shape before the examination, so I am rather optimistic. I am happy that the Buescher family is cooperating with the boy 100%. John is a swell chap and we are giving him work here. We would give him more if we thought he could pull through.

Congratulations to Art Dufelmeier. I am writing him a letter and sending you a carbon copy of the same. He certainly is a dandy. I imagine that you and he have seen the Rockne picture. Maybe Art got his idea of toe dancing from some course. Anyhow, it looks as if he knows how to move those feet by the yardage he chakled up on the right side of the ledger for Beardstown.

With all good wishes to you and your good mother, as well as the Kuhls, I am,

Sincerely yours,
