

'What your heart thinks great,  
is great. The soul's emphasis  
is always right.' I too am  
a believer of this philosophy  
and since Harry does believe  
strongly, deeply and sincerely  
that you are "great," I'm  
sure he has reason for  
feeling this way and in  
making me and hundreds  
of others & Roy Allen conscious  
too!

Sincerely,

Lillian G. Gluzek

Good luck and good wishes.
