710 EAST FOURTH ST. BEARDSTOWN, ILLINOIS

June 24, 1941

Dear Dr. Allen:

Last night I had a session with John Buescher in regard to his academic work at K. U., and I assure you that he will work hard this summer to make up the work that should have been taken care of last winter.

John is doing a splendid job working for us this summer both in the filling station and the ice plant. He has again regained the proper attitude, and we will try and have him in good physical condition by next fall.

Also,

Also, we are anticipating your annual summer visit to Beardstown sometime in the near future so don't disappoint us at this end of the line.

Give my kindest personal regards to Mrs. Allen.

Sincerely,

*John,*
