Dear Phog:

I recall hearing you tell something in coaching school at Spirit Lake a couple of years ago about the type of planned entertainment you use between halves of your basketball games at Lawrence. I am writing you now to ask you, if you are not too busy, to send me some of your ideas that you have used recently. I have your "Basketball Bible", but I thought maybe you had cooked up something since the printing of that.

We have just dedicated a new field house here in Mason City. We had the University of Iowa play Carleton and my high school team played Newton High School. We have a very good plan now with playing floor 88 by 50, seating capacity over 2,500.

I will appreciate any suggestions you can give because we would like to have something a little new in the way of entertainment between halves.

Yours very truly
