Dear Phog:

Eight of us want to see the Kansas-Missouri basketball game at Lawrence March 1st; and all eight believe we'll win--if that's any help.

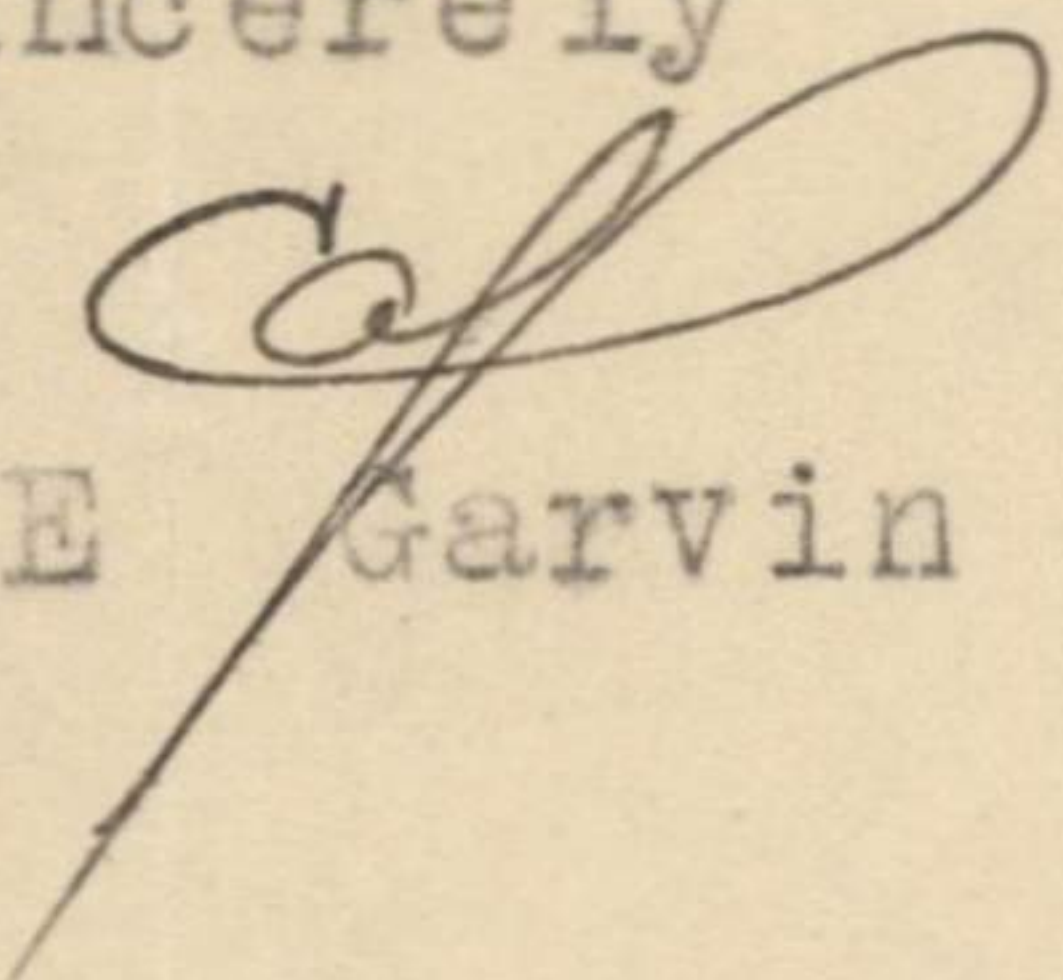

I am enclosing my check for \$6.25 to cover the cost of the tickets and what I believe will be the postage charge. If this isn't enough please tell me. I wouldn't want to shortchange you, because I feel as though it will be worth the whole thing to see the score in our favor.

Thanks for the trouble. If you don't have eight in a row make it four behind four, if you can. Please don't put me behind the post because I have to stick my neck out every week anyway and it needs a rest. If four behind four are not available I'd appreciate it if we are not scattered too far, or at least not less than two together.

Hope to have the opportunity to say hello.

Regards to Mrs Allen.

Sincerely

A E Garvin
