

February 13, 1940.

Mr. Gene Glahy,
Manley Insurance Agency,
Lawrence, Kansas.

Dear Gene:

I am sending you my check for \$25.00 which will cover my pledge to you for the heating equipment at the Country Club.

When George Wetzel called my secretary asking for the payment of the pledge some three weeks ago I mentioned the fact that I did think it would be a nice thing if someone in authority could write the donors and give them a progress report as well as an estimate on the cost, and also tell what was being done and when it would be finished.

To date there has been nothing of that nature done, but I imagine everybody is too busy to attend to it. However, I do feel that it would have been a constructive and worth while thing to do to keep the donors feeling that their contributions were appreciated by a committee who naturally is always burdened with extra details, but which committee must realize that the fellow who gives his money wants to know what it is going for and what disposition is being made of it.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
