Mr. Forrest Allen
University of Kansas
Lawrence, Kansas

Dear Mr. Allen:

The Kansas Health and Physical Education Association is including the radio as a means of reaching a larger number of people. I have been asked to serve as chairman for the rest of this year and the coming school year. Will you be kind enough to serve on this committee with me?

Radio stations WREN and KFKU are located in your city. Would you please contact the station director and see if any time is available? A fifteen minute program once a week or even once or twice a month is very worthwhile. It is an excellent way to let the public know what you are doing for their boys and girls in the field of health and physical education.

This present school year we have been putting on a fifteen minute program each Saturday morning from 9:30 to 9:45, over KSAC. This program has been well received and we have had excellent cooperation from the superintendent of the Manhattan schools and members of his staff, the Student Health Service at Kansas State College as well as members of our own staff.

I would like to have a committee meeting during the central district convention, on Thursday, March 28, at 3:00 p.m. in the Hotel Allis. I will make arrangements for a meeting place and get word to you. I can then make a report at the council meeting which is to be held at 4:00 p.m. of the same day.

Sincerely yours,

Katherine Geyer
