Dr. Forrest C. Allen
Varsity Basketball Coach
University of Kansas
Lawrence; Kansas

Dear Dr. Allen:

It was a pleasure to receive your letter in which you stated that our mutual friend, John Buescher, was getting your consideration at the University of Kansas. Frankly, John was somewhat gloomy during the past few weeks as he had not heard from you concerning his matriculating at Lawrence in September, but now he has bounced back to normal and is ready to fight for dear old Kansas.

I appreciate the offer that you have given me in being your first assistant in conducting the finals in the National Collegiate Championship Tournament to be held in Kansas City. You can rest assured that my calendar is marked accordingly and I am subject to a call at your request.

Although this has been somewhat a cool summer for the ice business in Beardstown we have, however, been busy with our lines. Our petroleum division has increased monthly and the future outlook is bright as we have a number of good contracts which will go in after September 1. Incidentally, we have sold 100 Coolers, the Air-Conditioned ice refrigerators, in Beardstown since April 4.

Mother has just arrived home from a three-week visit at Estes Park and is feeling fine again after her shock of a year ago.

Please give my regards to your entire family.

Very truly yours,

John H. Glenn
