Dr. Forrest C. Allen  
Varsity Basketball Coach  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

Just a few minutes ago I got John Buescher fitted-out with a new suit, some shirts, underwear, etc., so I believe that he is now already to begin his freshman year at K. U.

Young Buescher will arrive in Lawrence late Tuesday and will stay at the hotel the first night. On Wednesday morning he plans on calling at your office to seek your advice about obtaining a room.

I believe John is in good physical condition as he has been keeping good hours all summer combined with handling ice which as you know keeps you in shape, however, his wind could be better and I have advised him to use the Kansas track during the first few weeks of school to build up his legs and also to have more stamina for his freshman year in basketball. Frankly, it has been a great deal of pleasure getting this Beardstown star ready for you to develop this year. I only hope that John improves under your guidance and that he will cause you no trouble during his four years at Kansas.

Incidentally, Buesch might get home sick during the first few weeks of the term as he has never been away from home before with the exception of the three days he spent at Lawrence last spring so I believe it would be advisable to keep in contact with him during the first month to see that he is happy and that his time is occupied.

Please give my best regards to Mrs. Allen and the entire Allen family. Just think again you have two members of the Allen family enrolled at the University.

Sincerely,

*John H. Glenn*  
JOHN H. GLENN
