

told him to come down and look around that  
he had a job for him. So Schweitzer took  
the trip down there and didn't come back.

I certainly haven't had any luck  
sending boys to you! It makes it hard for  
me to keep them under my wing being away  
during the summer months. Someone always  
comes along with an attractive offer and away  
the boys go.

I certainly hope you have another  
successful basketball season! I know it will  
do a lot of good if you can see fit to  
work out on our court, if you take a trip to  
the coast. The high school boys <sup>else</sup> would love  
remember seeing your team work out and  
have dreams & visions of the time when they  
could go to K. U. to play under Mr. Allen  
for Kansas. We would make it a big affair  
for you & the team.

Sorry I didn't do you any good on  
the girl Miss Cund who you recommended for  
the physical education job here. The Supt.  
here was considering her, but Mr. Chandler  
of K. U. wouldn't recommend her so the  
Supt here wouldn't consider her. I guess she  
got a lot better job elsewhere anyway.

Nina sends her best regards  
to Mrs. Allen along with Gary and myself.  
Let me hear from you.

Yours truly,

Worral Grose.

P.S. Someday I hope to get a good prospect to you.
