Mr. Leo J. Green,
Rosedale Junior-Senior High School,
Kansas City, Kansas.

Dear Leo:

Thank you for your kind letter of May 8th. After reading your letter carefully I am reminded of a similar case, that of Warren Smith, also a Baker man, who has been going to the University of Southern California for graduate work. He lacks but three hours and his thesis. He is teaching in the Lawrence schools, and in order to save the expense of going to California desired to finish his work here.

He found on investigation that in order to get a Master's degree from K. U. he would have to do 30 hours in residence, and that they would not transfer any credit from Southern California.

Your case is very similar, and I would suggest that you finish at Iowa even at the expense of doing a completely different thesis.

If we can be of any assistance to you, please feel free to call on us at any time.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
