Dear Doral:

Answering your good letter of the 4th instant, I have found that the trim holds very nicely around the neck and under the arms.

Doral, I do not like the white rayon silk jersey. Rayon does not absorb perspiration, and although they tell you they will put wool next to the body, rayon on top, I have been against it. I still use a light worsted wool, and I think that is fine.

I do not like the silkline trousers either. I am going back to the white flannels. It gives so much more body and looks more athletic.

These are my serious convictions, but I hope that it will not stop you if you want to use what you like best.

Thank you for your kind words regarding the basketball team. We will not be so strong this year, but a year from now and the two following years somebody will be forced to tie on his hat, if they don't hurry along.

I trust that you have good luck with your outfit, Doral.

With kindest regards, I am

Very sincerely yours,
