Dear Mr. Allen:

I would like to get your advice on trimmings for a playing jersey. What has been your experience with jerseys trimmed around the neck and armholes? Have you found that the trim will fade on the jersey under the neck and armholes.

I had in mind a white rayon silk jersey with blue or red trimming around the neck and armholes. I would appreciate any information you can give me.

I'm especially anxious to see Kansas go in basketball the next few years. I can't see how they can be stopped.

Yours truly,
Doral Grose
