October 7, 1937.

Mr. Forrest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas.

My dear Phog:

Your September 22nd letter was duly received and I certainly want to express at this late date my appreciation for the services rendered.

I also received letter from E. L. Falkenstien, Secretary, Physical Education Corporation, and the tickets requested, but since I had fully expected to be in Lawrence long before this at which time I could hand over the 50¢ additional due in person, I have neglected to send check to cover this additional amount so if you will just tell Mr. Falkenstien the next time you see him that some of these bright days I hope to be in Lawrence and at such time will give him the 50¢ due him, I will appreciate this additional favor.

Some day we will try to get to Lawrence in time so that we can have a visit and as you stated in your letter under reply, get the entire families acquainted. In the meantime, I remain

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'Wm. M. Gray'. The signature is written in a cursive, flowing style with some loops and flourishes.
