Mr. Gordon Gray,
Harlingen High School,
Harlingen, Texas.

Dear Gordon:

With the opening of school some of the athletes who have had a little more misfortune in obtaining work than they have in eating have called on me and I find that I am somewhat the worse for the approach.

I am wondering if you are in funds sufficiently to help the semi-liquid institution somewhat to liquidate.

I trust that you are nicely located again and happy. Please do not think I am putting the pressure on you. I am just making a friendly appeal. I will appreciate anything that you can do.

Sincerely yours,

PCA:AH

Director of Physical Education.
