Dr. F. C. Allen,  
Director of Physical Education,  
University of Kansas,  
Lawrence, Kan.

Dear Dr. Allen:

It was my understanding, as a result of our meeting in Chicago, that the Big Six coaches are to gather in Kansas City on Sunday, April 16, to draft next year's schedule. The purpose of this letter is to be certain of that understanding, for if one of us will be unable to attend the meeting must be postponed.

I have written to Menze and given a rather full explanation of our discussion in Chicago, and requested his attendance in Kansas City. Also, I asked him to reply immediately as to whether or not he can be on hand. To make things certain I am asking you and the others to communicate with me immediately as to your attendance. Then, later this week I'll report to each regarding the vote.

No place and time were set in Chicago so I am taking this in my own hands by setting the meeting at the Hotel Continental at 2:00 P.M.

In the meantime I am sending notes to each of the officials and telling them we hope to have some rather definite dates very soon.

Yours truly,

*George*  
George R. Edwards.
