

January 4, 1945.

Mr. Jim Dutcher,
Director of Athletics,
Doane College,
Crete, Nebraska.

Dear Jim:

We have a very fine film called "Basketball Fundamentals" which was made by the Eastman Kodak Company. This is a two-reel film which is a part of Eastman's Teaching Films Division. It is an excellent film to teach fundamentals, and is slow enough so that the boys are able to observe the details.

The film may be rented from the University of Kansas Extension Division, and the fee is \$2.00 plus transportation charges.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
