

is important and from N.Y. teams  
of the past I know they have had to work  
together. Fast thinking and careful shooting  
win games.

I suppose you have seen Alan by  
now. I guess he is having a big time  
there at home. I really wish I could  
have been there too. Well Sunday  
we will all be back for lot of fun  
and work.

I really enjoyed your story "Dwain  
Touchdown." I'm sure that the fellows  
that were on your team then were  
glad you kept a pad & pencil by  
your bed.

I don't know a lot of news so  
maybe I should close for now. I'll be  
waiting for ~~your~~ future "Rebounds"

I'll close for this time with this  
question: Just what did happen that the  
1920 game with Nebraska that the stadium was built.  
Was it that after that game people realized  
that they should have a place to sit & watch  
the games and contributed or what? So looking  
to the Northwest with the highest a setting  
see I'll close for tonight

As Ever  
Ross.
