Dear Dr. Allen,

Enjoyed so the Rebounds No. 12. You certainly put out some fine stuff in it.

Met an old friend of yours several days ago. He was then T/Sgt Bob Oyer. When I had dinner with him last night, he was 2nd Lt. Bob Oyer. He'd been commissioned the day before. He's fine, but getting a few gray hairs, likes his work and wishes with me that there was a basketball court around these parts.

We're now in the same outfit by virtue of my change of jobs some time ago. We expect to be able to get together quite often and no doubt will have some fine bullfests about old K.U.

Incidentally would you put him on your mailing list for Rebounds No. 13, please.

We have snow almost daily, and it has gotten pretty cold a couple of times. Nevertheless it makes this miserable country almost beautiful, and we don't mind.

May you have another top notch basketball season
