U. S. ARMY
AIR FORCES

Dear Doctor,

Just a line to give you my
change of address to Fresno, California,
and to thank you again for your Jayhawk
Rebounds. I certainly do enjoy them. We're
assigned to operational training at this
signal air warning base, after which we expect
to be assigned to crews. This part of California
is sunny enough for anyone. In two days we've
all obtained beautiful burns. Sincerely, Max.
