Dr. F.C. Allen  
Director of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

As per our previous conversations I wrote to Karl Schlademan and recently received the following reply, a copy of the letter is enclosed.

The last paragraph of his letter is not very clear to me, but I transmit same for what it is worth.

It looks like we are back where we started unless you can suggest further a procedure that will do the job.

I certainly appreciate your willingness to help me in this matter, but if for any reason you think we should drop the matter please feel free to so advise. I have wanted a "K" for twenty years now, ever since I entered K.U. in 1923 as a freshman, but have learned from life to take things as they come.

Congratulations on winning the Big Six basketball crown again, for my part you are the finest basketball coach in the world and your record proves it.

With kindest personal regards, I remain,

Very truly yours,

Don Isett
