Mr. Warren Israel,

Kansas City, Mo.

Dear Warren:

I am glad to have your letter of August 20th. It came to my desk just after my return from the Iowa High School Coaches Association coaching school where Clark Shaughnessy of Stanford, Bernie Bierman of Minnesota, Henry Iba and I were on the teaching faculty.

I am glad for you to tell me about the two giants that Missouri has -- Burns and Shelley. Missouri should be in there with her giants. But Jack Ballard will match them so we will not be faced with the same difficulty we were last year, that of pygmies battling giants.

We will be looking for you upon your return. We will start early practice as per my basketball letter and we will be glad to see you out toiling with our gang.

With all good wishes, I am

Sincerely yours,
