

April 5, 1941

Mr. Harold G. Ingham  
Director of University Extension Division  
University of Kansas  
Lawrence, Kansas

Dear Harold:

I acknowledge receipt of your favor of the 3rd instance recalling the option that you have on the first floor of Robinson Gymnasium for the afternoon and early evening of Friday, April 18th. We will make preparations accordingly.

I do not know what plans you will make for installation of steam tables in the southeast corner of the Gymnasium. We would definitely not want anything that would injure the floors because that is the girls' private dance room. I imagine that in case steam tables were installed that they would protect the floor by some process that would be entirely agreeable.

I will be glad to see you when convenient. As it appears, I will be in town most of next week with the exception of Wednesday when I go to Madison Lodge for a speaking engagement. *Medicine*

On Saturday, April 19th at 9:30 in the morning, we will have all the highschool all-star senior boys from all over the State who will come in and shoot goals with our varsity and freshmen members. The upper Gymnasium and lower floors should be entirely clear Saturday morning. I think I mentioned this fact to you before but only reiterate it so there will be no misunderstanding.

With the desire to cooperate with you in every possible way, I am

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball and Baseball Coach
