Mr. Henry P. Iba,
Director of Athletics,
Oklahoma A. & M. College,
Stillwater, Oklahoma.

Dear Henry:

I am sending you a clipping from the Wednesday "Daily Kansan", January 31, 1940. Everything that I said is in quotes and the only reference I made to your team is that you were tops in the Missouri Valley and I mentioned the game last year between Oklahoma and Oklahoma A. & M. at Oklahoma City, with the Sooners winning.

I want you to know that I certainly never have prognosticated on the outcome of the Fifth District N.C.A.A. basketball championship. I was sure that you would not give credence to such a statement, but to make it doubly sure I am sending you the paper in which they quoted me, and I must say that they quoted me correctly in this.

Assuring you of my gumption in knowing enough not to make asinine statements such as I was credited with, and wishing you continued success, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
