

May 3, 1940.

Indian Archery & Toy Corporation,
Evansville, Indiana.

Dear Sirs:

A letter and package from your firm addressed to Dr. V. W. Lapp, University of Kansas, has been received at this office. Dr. Lapp is no longer connected with this University, and I am wondering if you desire to have these pieces of mail returned to you or forwarded to Dr. Lapp, who is now at Alabama Polytechnic Institute, Auburn, Alabama.

Our archery classes are now handled by Miss Joie Stapleton and Mr. James Raport. Dr. Lapp taught archery when he was a member of our faculty.

Will you kindly let us know what disposal we shall make of the package and letter?

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
