Miss Elfrid Ide,
6 Perryridge Road,
Greenwich, Conn.

Dear Miss Ide:

I acknowledge receipt of your wire of even date.

It looks as if we are making arrangements with one of our University of Kansas graduates to return for the position. She has strong recommendations from the women of our department, and I am following their desires in the matter.

Thank you very much for your kindness and courtesy. If anything develops in the future I will be glad to communicate with you.

Very sincerely yours,
