Dr. Forrest C. Allen, Director  
Department of Physical Education  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen,

As I have not heard from you since I wrote describing my delightful and interesting interview with Mrs. MacCurdy concerning dance at Kansas University, I wondered if by chance my letter miscarried?

The position sounded excellent. Stepping into a department established by anyone as capable as Mrs. MacCurdy would be a challenge as well as an honor. Also, I should be very glad to have an opportunity to carry forward my study for a master's degree.

From our interview, I realized that teaching in the mid-west would require a new adaptation of my training. This appeals to me. New environments, new people, and new ideas are great stimuli to one's growth.

I should appreciate hearing whether you received my letter. If there is any further information that I can offer, I should be glad to do so.

Yours sincerely,

*Elfrid Cole*
