Dear Dr. Allen,

I'm writing and asking you to write me out a letter of recommendation if you would please. I'm trying to get in the cadet aviation corp soon. I will probably need it this next week.

Our drilling started this week and there really getting tough with us now. Dick Channel wanted me to tell you hello for him, and that he was going to write you one of these days. Thanks again for all your trouble I really appreciate it.

Sincerely yours  
Brit Hoyt Baker
