Mr. Joseph V. Holly,
Secretary, Phi Delta Kappa,
School of Education.

Dear Mr. Holly:

I regret that it will be impossible for me to attend the meeting of Phi Delta Kappa on Thursday evening, the 15th. I am to speak at the Pinckney P.T.A. that evening. I am sorry for this conflict, as I would enjoy the fellowship.

Sincerely yours,

Dear Mr. Harmon:

I should have answered your letter sooner but it came on Saturday of last week. During the rush of things I failed to take cognate of it. Since it is so late I feel that I should accept and not disappoint you for a speaker.

I will be there at that time and will be glad to talk to you concerning a possible basketball coach.

Sincerely yours,

Dear Doctor Allen:

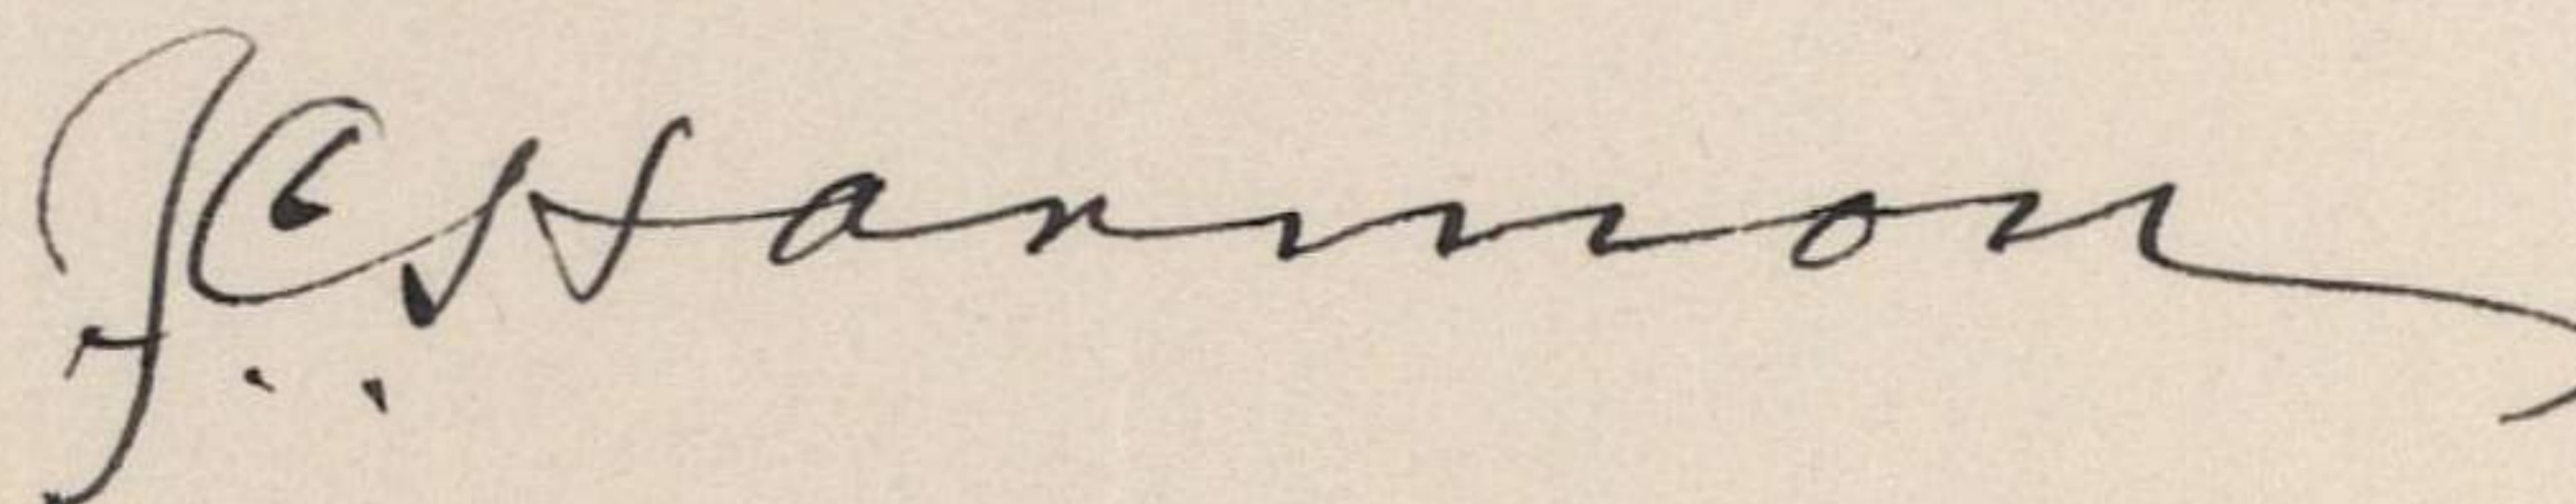

On Friday, October 19, at 9:30, we are having an assembly. Our game with Wyandotte will be played on our field that night. If is possible for you to get away on that morning, we should like so much to have you as a guest speaker.

Also, I am anxious to talk with you to get your suggestion regarding a possible basket ball coach. You perhaps know that Ed Ash accepted a position with the city Recreation Commission. We are hoping that we can find a tip top young man for the job.

With kind regards and hoping to hear from you soon,

I remain

Sincerely,

Dear Captain Hogan:

It was nice of you to write me as you did in your letter of October 10. I have greatly enjoyed my contacts with you and with your boys. I assure you that if I get in New York in ~~the~~ year or two I will make it a point to give you a ring.

If I am unable to get you I extend to you a hearty invitation to check-up on me and be my guest at any of the attractions at which we are appearing.

It has been fine knowing you. I wish for you and yourself the happiness and success which you richly deserve.

Yours very sincerely,

Dr. Forrest Allen,
Basketball Coach,
Kansas University,
Lawrence, Kansas.

Dear Sir:

With the inactivation of this base, one of my last official duties is indeed a pleasant one and affords me the opportunity of personally thanking you for your splendid efforts on our behalf.

Though we did not play your team in basketball last year, our lads always figured that they could have extended your boys and I think they live in the mental illusion that they might have been on top. Since your club had whipped us twice previously, they were aching for another try but circumstances prohibited this.

I know that playing your fine teams meant a great deal to them and made our tour of duty in Kansas, one of pleasant memory.

If ever you are in New York City and do not look me up through the New York Board of Education, I shall come charging out here and it will have to be water pistols at twenty paces.

Be assured of the fields appreciation of all your cooperation and the splendid performance of your team here.

Sincerely,
Vincent J. Hogan

Dear Dr. Allen:

I regret to advise that I will be unable to return to work. My mother's health condition is such that I feel it is necessary that I stay with her.

I returned to Lawrence last evening in order to get additional things and prepare to spend my time with my mother. I am leaving again this evening for mother's.

I am sorry all this came up as I feel we could have gotten along and I could have handled the job. I am also sorry I couldn't stay until Mrs. Hulsten returned at least. I trust that the girl you have now makes no mistake and is too too polite to everyone.

I know Mrs. Hulsten will be glad to resume the duties there until you can get someone and it shouldn't be too much of an inconvenience to her, as she will be coming up to do your Rotary work anyway

Trustina you will find the end of all the chases you have ahead of you, and get some good help, I am.

Yours Sincerely
Mildred Hickman

Dear Doc:

Events have been happening fast and furious the last several days and if all goes well I should be a first class civilian very soon. Under the Navy's discharge system I have enough points to get out and I'm in that process at the present of being discharged. Of course it may not be as fast as I hope it will but it won't be long if they unravel the red tape.

Soon I expect to be home with the family and that's going to be a great day. When I get that discharge and things settle down I'd like to make an appointment to see you for some advice and find out what has been going to transpire in the future. This may seem odd possibly but many of us who have been out have lost all contacts and what is going on at home.

Naturally, I expect to go to work somewhere and I have some things I'd like to talk over with you and get your advice. You know by now, from the past that for advice I have always turned to you because of conditions at home not being too reliable. I guess you are a marked man and I'm asking an adoption but I think you understand the particulars.

2
Don't get me wrong about me worrying about the future because that isn't the case. I've never been more confident in my life. It's that I like some good advice and then the final decision and results are up to me & I'm sure I can do that ok.

I would appreciate it very much if you would regard this letter as confidential and when I see you we can explain ^{and discuss} the details more fully.

Hope this finds you and yours in fine health and happiness.

Sincerely
J. Freddie Harris

Dear Bob:

I have not heard from you as yet, but I expect to see you the first of the week I hope.

I am endeavoring to find the address of Mrs. Marion McDonald Belgard and I do not know whether her office is in the Court House in Kansas City, Missouri, or in Independence, Missouri. Will you kindly ask Mrs. Rice to write me, giving me her address. I am sending you a Jayhawk Rebound, a publication we get out for our boys in the service. It is for this reason that I want to get Mrs. Belgard's address so that I can send her one.

Tell your mother and dad that this Rebound is for them. They may or may not know many of the people, but some of it, I trust, may make interesting reading.

With all good wishes to you and yours, and hoping to see you the first of the week, I am,

Sincerely yours,

Dear Bob:

I called the Registrar's Office this morning and suggested that they send you as much information as they have concerning school enrollment. I told you that inquiries had depleted them of every bit of printed matter that they ordinarily would have on hand. The Separation Centers of the Armed Forces have asked for this material in such quantities that they are entirely out of practically all of the printed matter that they ordinarily have. The information they send you should give you some information regarding the college. I have also asked that they send you section 2 of the catalog. They are out of section 1. I am sending you a brochure concerning instructions to students desiring to major in the Department of Physical Education. This department is in the School of Education.

I suggest that you call your principal at Raytown High School and ask that they send your transcript to the Registrar of the University of Kansas. By having this in to the Registrar's Office ahead of time, it will be much easier for you when you come to enroll, as all the preliminary accrediting work will have been done before you arrive.

I want to tell you how happy I am that you are going to enroll at the University of Kansas, and I know that you will like it.

It was good to have your two foster parents Mr. and Mrs. Rice, with us for a visit as it is pleasant to have Bill with his bubbling good humor. Won't you write me and tell me of any other wishes you have in the matter, or feel free to ask any questions that you desire.

Be sure to check up on the high school to see that a transcript of your grades gets out at an early date, and then let me know when you are sure the transcript has been sent, and I will check at the Registrar's Office.

With every good wish to all of you, I am,

Sincerely yours,

Dear Marion:

It was nice of you to write me as you did on September 8, 1945. I am just finishing another Jayhawk Rebound and (this may be the last one, which is #18) I want you to have the issue coming up. I shall mail it to you in a few days.

Thanks for your kind words as I assure you I appreciate them. It is a lot of fun. I imagine a fellow should mix pleasure with his work, and I have been able to do that. I highly treasure the friendship of the boys.

By the way, Marion, will you kindly give me the mileage from Ottawa to Olathe. I want to allow .05 a mile for your travel from Ottawa to Olathe when you spoke over there, and I am figuring in the meals also. The District has a sizeable fund and I see no reason why you men who give so much should be penalized with further expense. I want to pay the transportation cost, and expect to take it out of the District fund, which is ample. I talked to Ex-Governor, Homer Ebricht about this, and he agrees with me that since we have plenty of money, that we should not add financial expenses to a group of good past District Governors who responded so kindly upon so many occasions. Just drop me a line and give me this information, I will appreciate it.

With all good wishes, I am,

Rotarily yours,

Dear Gov. Doc.

For various reasons it has been only today that I have had your Jayhawk Rebonds of June 25. - Frankly it is beyond me to understand how you get it done.

I know but very few of the boys you mention but many of the names are familiar, so it is exceedingly interesting.

I should like to say congratulations to you for this very unusual and splendid work, but I know "congratulations" is not the word, for it is too full of affection and mixed emotions.

Go enjoy a life so full of rich personal relationships as yours should be the happiest of all human achievements.

Sincerely,
Marion
