January 14, 1946

Capt. Glenn A. Haskin, M.A.C.
Department of Physical Reconditioning
Army Service Forces
Ninth Service Command
Letterman General Hospital
San Francisco, California

Dear Capt. Haskin:

I acknowledge receipt of your communication of the 7th instant.

I doubt if we will have any opening for you in our Department of Physical Education. Mr. E. C. Quigley is the Director of Athletics and I would suggest that you address a letter to him if you are interested in coaching. We have work for the Department of Physical Education, with intramural sports for a four-year undergraduate course in Physical Education, with a B.S. degree and all of its allied intramural and service work, as well as the academic credit for work taken in Physical Education.

I find that we will use a lot of graduate students who are working on their masters' degree in Education, with a major in Physical Education. We have a sizeable staff of full-time teachers at the present time and I hardly look for an enlargement of that staff.

I wish for you a very successful and happy New Year.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

SAN FRANCISCO, CALIFORNIA

7 January 1946

IN REPLY REFER TO:

Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Sir:

Now that I have been notified of my separation date from the service, it makes it possible for me to look forward to returning to my civilian occupation once again. Since I will be released by March 1st, may I ask if you anticipate an opening for a Physical Education man in your Department for the beginning of the Fall Term 1946?

I am particularly interested in concentrating on Physical Education Work with the emphasis on Intra-mural Sports and possibly some coaching in Track, however, I can assist with Football.

I have taken the privilege of listing the specialized training that I have had and some personal data in which you might be interested.

I will be glad to furnish you with a transcript of my credits as well as references from the University of Illinois, the University of Wisconsin, the President of the State Association of Illinois, and the Chief of the Medical Branch, Barnes General Hospital.

Sincerely yours,

GLENN A. HASKIN
Capt., M.A.C.
Dept. of Physical Reconditioning

GAH/b

PERSONAL DATA

- 1.- Graduated from the University of Wisconsin with a B. S. in Chemistry and an M. S. in Physical Education.
- 2.- Football and track coach, Director of Physical Education, and Dean of Men for thirteen years in the Senior High School - Pontiac, Illinois.
- 3.- President of the Physical Education Association for the State of Illinois.
- 4.- Member of the Committee who wrote the State Syllabus in Physical Education for all High Schools in Illinois.
- 5.- Have staged several Gymnasium Exhibitions, Water Pageants, and taught Indoor Circus.
- 6.- Director of Physical Training for two years in The Army Air Forces.
- 7.- Chief of Physical Reconditioning at Barnes General Hospital, an Orthopedic Center for The Ninth Service Command, for the past year.
- 8.- At the present time, organizing and setting up the Remedial Swimming Program for Letterman General Hospital.
- 9.- State Representative for both the Mid-West and the National Physical Education Convention.
- 10.- Guest speaker before the Research Division at the Mid-West Convention.
- 11.- Articles published in four magazines.
- 12.- Member of Kiwanis, Masonic Lodge, and Phi Delta Kappa.
- 13.- Forty years of age, married, and no children.

Mr. H. J. Little, Manager
Health Spot Shoe Shop
316 East 11th Street
Kansas City, Missouri

Dear Mr. Little:

I acknowledge receipt of the shoes, as well as your letter, which indicates that I owe you \$10.50. Please find enclosed a check for this amount.

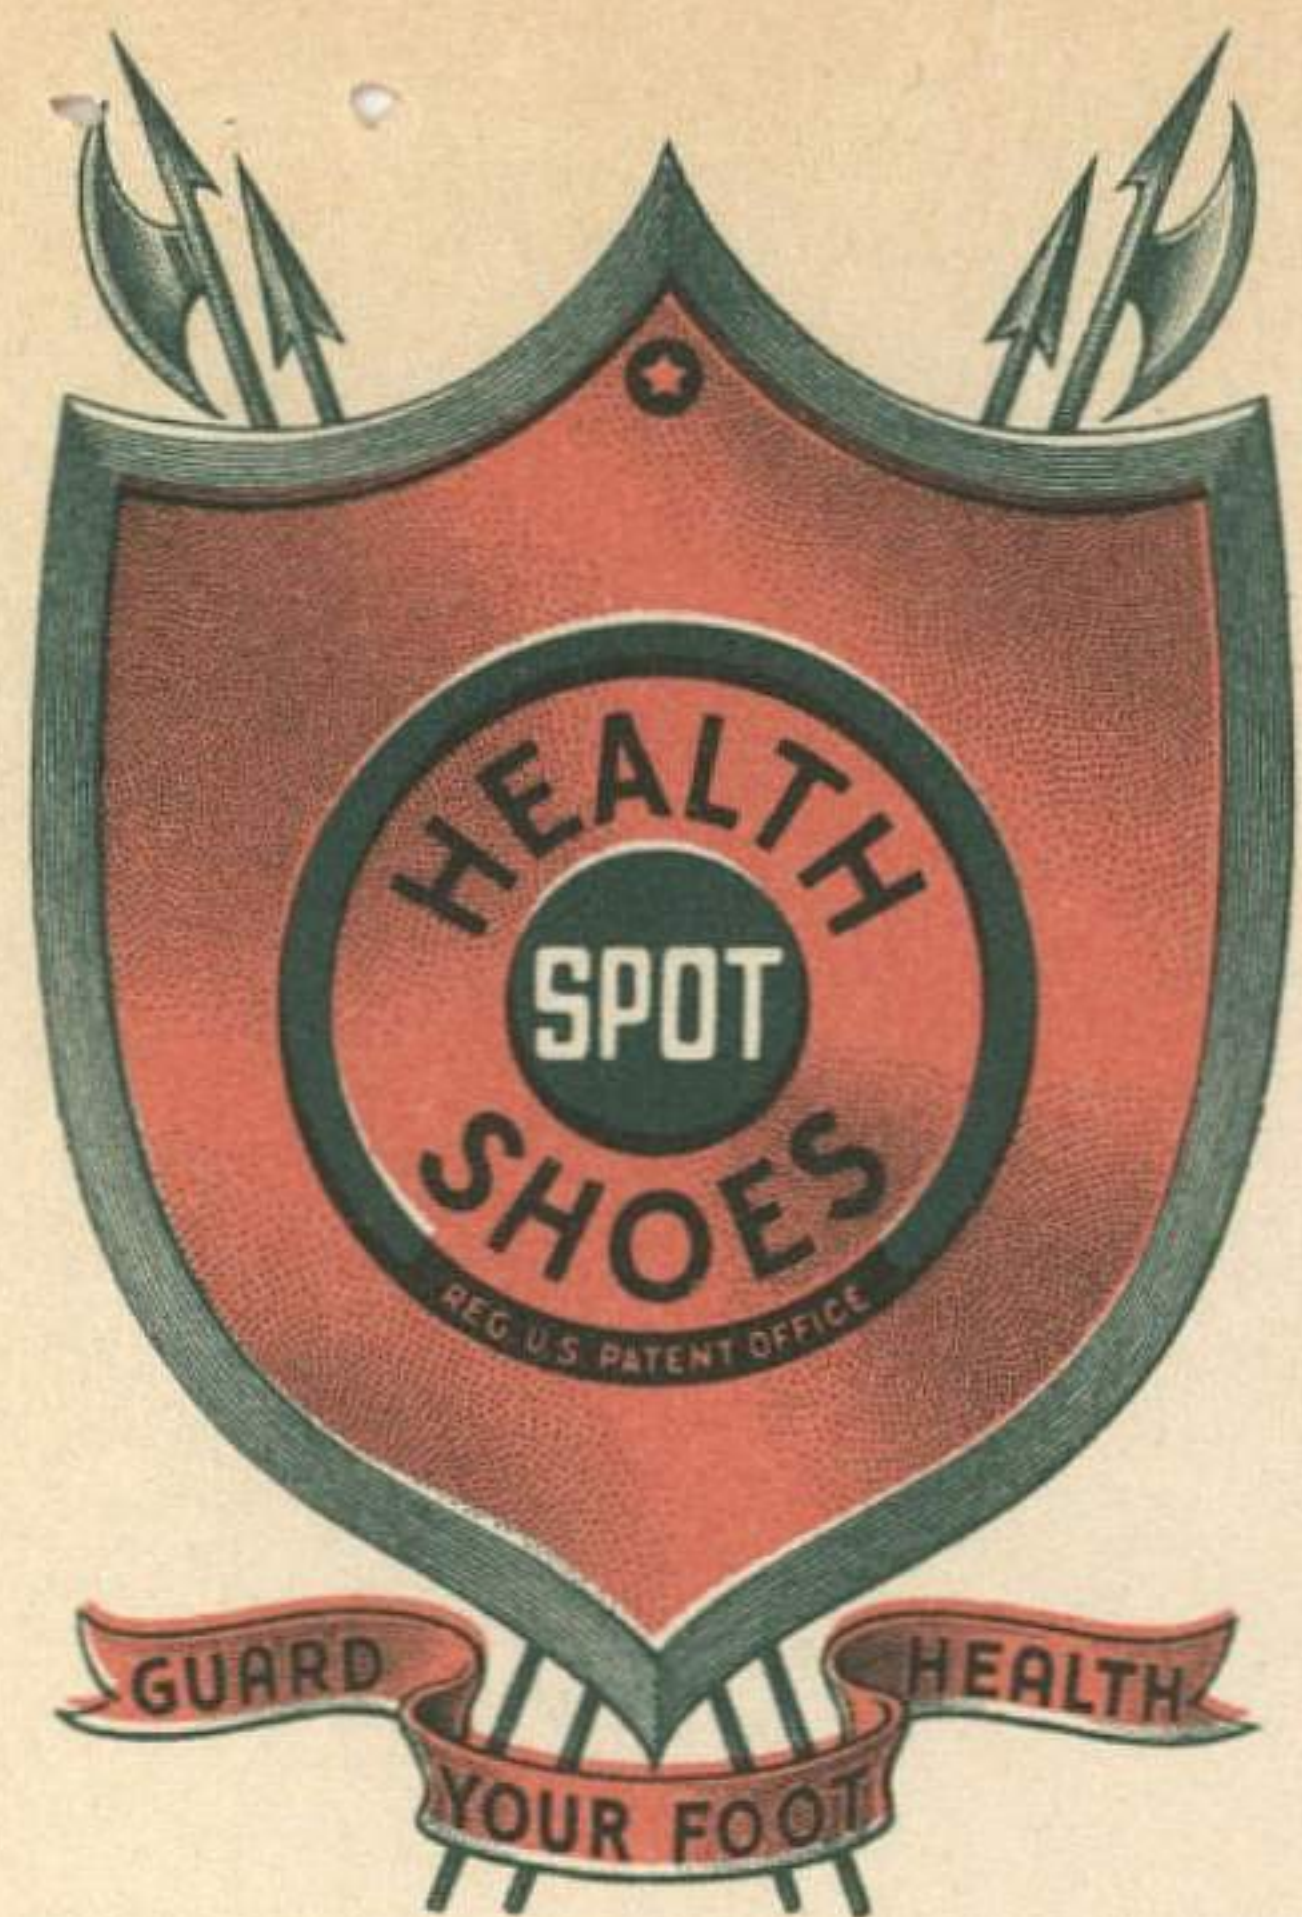

Also, I wish that you would mail me at least one-half dozen or one dozen laces for the shoes, both light and dark tan if you have the laces in that color. Maybe the dark tan would do for all of them. I find that I have difficulty in obtaining the right length laces for these shoes. The extra eyelet that the Health Spot Shoe has causes me difficulty in obtaining the right length. Please mail them together with the bill and I will remit.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

January 7, 1946

Mr. Harvey H. Haines
Sabetha, Kansas

Dear Harvey:

I am sending you a basketball brochure for which you wrote. I am very glad to do this and I will be happy for Jordan to have it. When you write him, congratulate Jordan on his splendid achievement in being one of the eight plebes that made the West Point basketball squad. You tell him that I think it is quite an honor for him to make the training table and have a private locker.

I know how rough that West Point curriculum is. Ogden Jones, the Chairman of the Selective Service Board, has a son at West Point now. They flew him back from Europe last fall and he writes that it is rougher than pig iron. I served with Ogden Jones on the Selective Service System, being the secretary, so we see a lot of each other. He tells me all about the situation. Ogden Jones is the geologist in the Health Department for the State of Kansas but is located in the Engineering Building. Ogden and his family drove back Christmas to visit Ogden, jr. It might be that Harvey could look up Ogden. I think Ogden is on the track team under Leo Novak.

Give my good friends in Sabetha my kindest regards. Wishing you and yours a very Prosperous New Year, I am

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

I noticed in the Topeka Capital that the University had published a Basketball Brochure for this season, and I would like one very much to send to Jordan. If there is any charge, I will be glad to remit at once.

Jordan is at West Point and enjoying the experience. He is one of eight plebes that has made the basketball squad, is eating at the training table, and has a private locker, which seems to impress him. He missed out on the Math preparatory because he was in high school last year and since this is almost essential he is having a rough time and may be back at K.U. for the next semester.

With kindest personal regards and best wishes for the Big Six Championship, I am

Cordially yours,

Harvey H. Haines

HHH;1a

30 Dec 45

Dear Dr. Allen,

I thank you very much for the excellent letter you sent to Harvard in regard to my entrance.

We were all pulling for you and the Jayhawks in the tournament at Oklahoma City over the holidays. I feel sure if we meet the Aggies later in the season things will be different.

While I was home Christmas I saw Ray Evans play in Kansas City with the Denver Ambrose team. He is still the hard-driving hustling player he always was.

I certainly will be looking forward to a Kansas championship in the Big Six this year.

Things here at Purdue have been going pretty smoothly. We lost a couple of heartbreakers during the past week — one to Notre Dame by 2 points and one last night to West Lakes 51-50.

Track is coming along O.K. From early season indications we should have a pretty strong team. There are a lot of promising Freshmen but I've found out that upperclassmen, although they don't star in practice, can be counted on for the most points in almost any meet.

I hope you are feeling well, Sir
and that thing in general are going
your way.

Sincerely,
Bill Haynes

Sgt. Bob Hendren
Headquarters Second Air Force
Colorado Springs, Colorado

Dear Sgt. Bob:

Lt. Ray Evans still writes most glowingly of your personality and capability. He, as I am, is very anxious that we have a friendly conversation with you regarding your future education and your athletic alignments during your educational tenure.

I certainly wish that you might drop by for a visit with us if you are ever coming this way. We would like mighty well to have you as our guest. If there is any possible way of your getting a furlough at any time, we would like to have you come and visit us here for a week. Won't you write me and let me know what you have in mind in the way of school opportunity? What I mean, is what you would like to study or the things in which you would like to specialize.

I realize that your never having met me puts you at a disadvantage in writing anything specific, but, at the same time, drop me a line letting me know about when you expect to be discharged. It might be that I can arrange at some time to see you, if you will not be coming this way. Won't you send me your basketball schedule and maybe I can arrange to see you play some time.

With every good wish, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

December 8th, 1945.

Dr. Forrest C. Allen,
Director of Athletics and Basket Ball Coach,
University of Kansas,
Lawrence, Kansas.

Dear "Phog":-

Interesting articles in yesterday's L.A. Examiner and in today's L.A. Times about your speech before the Kansas City Rotary Club, on professionalism among college teams and gambling in connection with their contests.

More power to you and keep up your grand fight to cleanse intercollegiate athletics and drive these damned gamblers out! If this gambling element keep up their racket, there not only will be blowoff scandal but the death blow to college athletics.

Too much hypocrisy in connection with the colleges and the blame is on the faculties, who are commercial minded and most shortsighted. All this athletic scholarship, free tuition, board, spending money, etc., done mostly under cover, in the final analysis and stripped of it's verbiage, is professionalism.

Here in Los Angeles, the two local colleges, U.S.C., and U.C.L.A., have kept professional football out of our Coliseum. Neither one wanted the Coliseum turf "profaned" by professional players. What a lillywhite crowd! Protecting my morals and the morals of others who love to see the Chicago Bears, Green Bay Packers, New York Giants, Cleveland Rams, Philadelphia Eagles, Washington Redskins, et al. play.

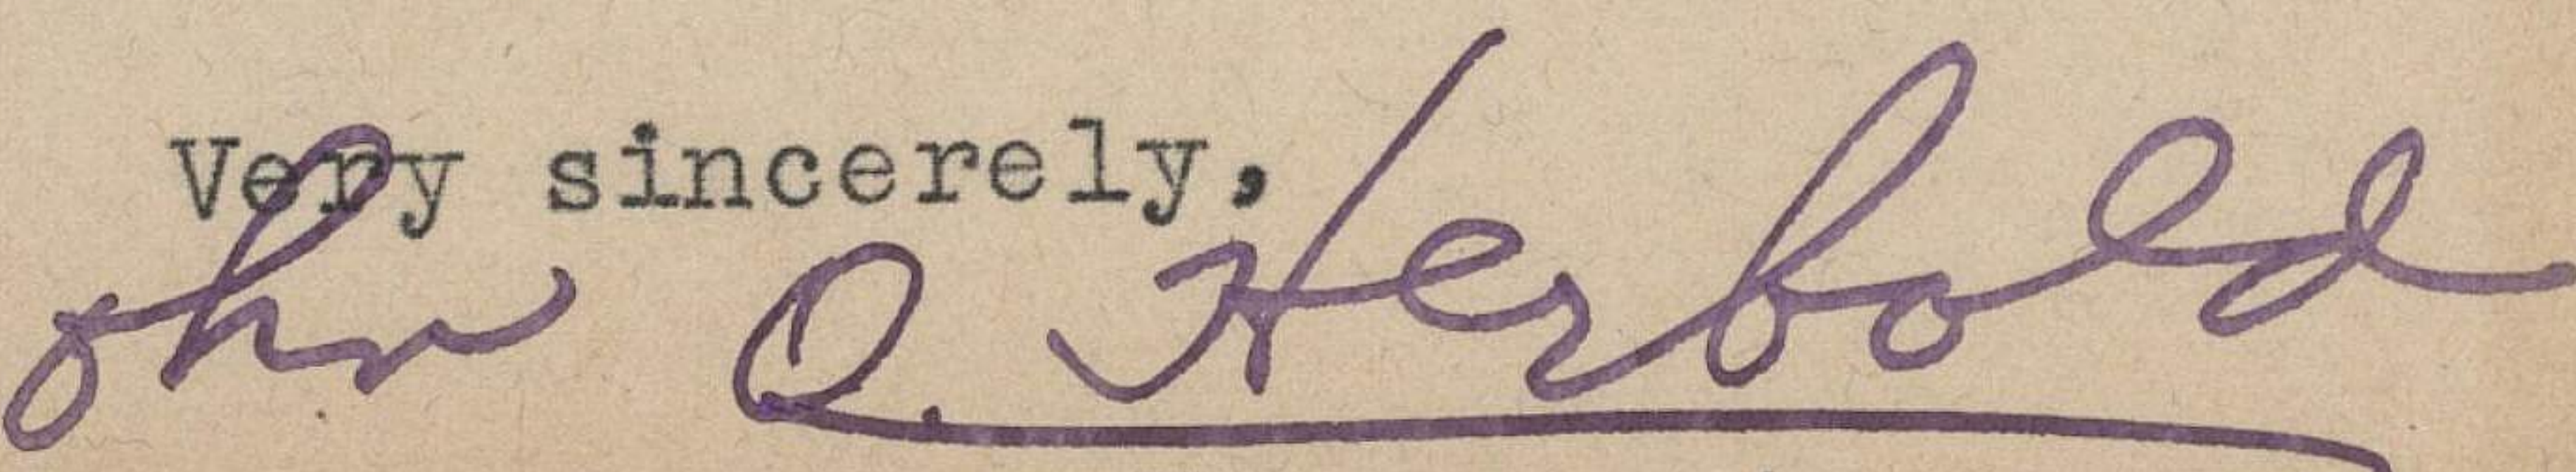

A sport writer here recently referred to many of the college players as "amateur professionals" as distinguished from the "professional professionals" of the National Football League.

When I see this riff-raff gambling element at all local sporting events-baseball, football, track, swimming, hockey, etc., I get disgusted; they are a loud, coarse, blatant, crooked bunch and care not a damn for real sport. Sooner or later, they will bribe players to throw games and then Good bye to sport.

More power to you and best wishes to you and yours, and Merry Christmas and a Happy and Prosperous New Year to all the fearless Allen's, including of course, dear "Phog".

JOH/H.

Very sincerely,

(University of Michigan)

Assistant Dean
Harvard Graduate School of Business
George F. Baber Foundation
Soldier Field
Boston, Massachusetts

Dear Sir:

I am very happy to recommend for your consideration William B. Haynes, who is graduating at Purdue with a B.S. degree in Metallurgical Engineering in June.

I knew Mr. Haynes very well when he was a freshman at the University of Kansas. Mr. Haynes was an outstanding student at the university. He also indulged in extra curricular activities with high credit to himself and at the same time, he made most exceptional grades. Mr. Haynes has a splendid personality, is sincere and is aggressive. His character is outstanding. I am happy to recommend him without reservation.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.

November 24, 1945.

Mr. C. J. Hart,
Director of Physical Education,
Brigham Young University,
Provo, Utah.

Dear Professor Hart:

Our Robinson Gymnasium for men and women was built in 1906. While it was a very fine building of its time, I believe that you would rather have something more modern and up to date. The state architect at Topeka, Kansas, has blueprints which you can obtain by writing him.

The auditorium where we play basketball is built as a combination auditorium and fine arts auditorium, so that would not do you much good.

We have not constructed a field house and we are not that far along where we would have blueprints. I am sorry that I can give you no better information.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

October 30, 1945

DEPARTMENT OF
HEALTH, PHYSICAL EDUCATION, AND RECREATION

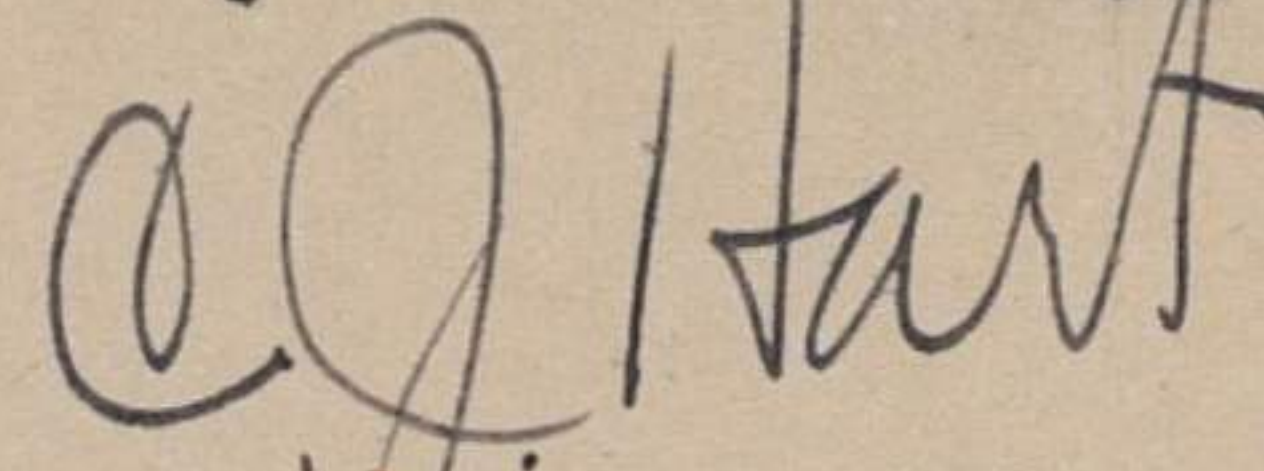

Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Sir:

The Brigham Young University contemplates the construction of a new plant for physical education and athletics. We believe we can build best upon the experience of others. We are wondering, therefore, if you have extra blueprints or descriptive folders of your own physical education and athletic plant which you would care to furnish us. Any charge in connection with material submitted will be cared for by this institution.

We would welcome, also, any suggestions you care to submit for plant construction. We find there is a limited amount of material on combination gymnasias and field houses. Inasmuch as we plan construction along this line, we would be grateful to you for any help and suggestions you may have to offer.

Very sincerely,

C. J. Hart
Director of Phys. Ed.

November 10, 1945

Mrs. George L. Hax
3635 Tracy Avenue
Kansas City, 3, Missouri

My dear Mrs. Hax:

Yes, indeed, I do remember your son David, and I am very glad to mail him the last Jawhawk Rebound, which we published on October 31st.

I am also sending you a copy because there are some things in it that perhaps you may enjoy.

I have been so rushed with my civic and school duties that I have not had an opportunity to publish another as yet. When I do, I certainly will mail you and David one. There is no charge, I assure you. This is one of the services that we like to render for the boys who have done so much for us.

I have a son-in-law, my middle daughter Jane's husband, Lt. R. Mcms, who is a naval aviator. We just celebrated the birth of Jane's baby daughter, who was a year old on October 8th. We are hoping that her husband, as well as your good son, will be returned to the states.

With all good wishes, I am,

Sincerely,

Director of Physical Education
Varsity Basketball Coach

Ens. David H. Hax, U.S.N.R.
Ind. Dept. R.M.O. Navy No. 926
C/O F. P. O.
San Francisco, California

Dear David:

Your mother saw an article in Landon Laird's "About Town" column, a story about my Jawhawker Rebound.

We have been publishing these for quite some time, in fact, since the start of the war when it got going in-earnest.

Your mother asked that I include you on our mailing list. I am sorry that I did not have you on this list as I had about 650 former Jawhawk athletes and other stand-out chaps who have been serving our country in a most commendable manner. It gives me pleasure, because I assure you that you have been doing a top-job for our old "Uncle Sammie". I am only sorry that I did not have your name on my list sooner. I trust there is some part of this Rebound that you may enjoy.

I wrote your mother that I have a son-in-law Lt. R. Mons in the Navy. He is located on the same island that you are, but I imagine the personnel there is rather large and you probably will not run across him, but if you should, he will be happy to see you.

Your good mother tells me that you were really "hitting the ball" before VJ Day. Now it is not so strenuous, so you certainly have earned your right for a little let-up at least.

With all good wishes and trust that you will be returned to the states soon, I am,

Sincerely,

Director of Physical Education
Varsity Basketball Coach

FCA:GH

November 8, 1945

Dr. Forrest C. Allen
Lawrence, Kansas

Dear Dr. Allen:

Like hundreds of other Kansas University mothers I, too, read Landon Laird's article on your generous methods of supplying the servicemen with university news. And like most of the mothers I am sending you my boy's name and address. I do not know if you may remember David Hax but I have heard him speak of you so many times; Fog Allen, I believe.

David is an ensign on the island of Guam. He has been there since last March after being stationed at Pearl Harbor for three months. David is in the sound - sonar - dept. on Guam and has at present about 40 men under his direction. He doesn't have very much to do except when one of the 40 hits a snag.

Before V J Day however he worked as much as 20 hours at a time without rest. This he did often because the ships docked at Guam were serviced there.

David majored in Electrical Engr. and before he entered the service he had six months in industry with T.W.A. and they are holding an opening for him on his return. He entered the service in June 1944. David graduated, I think it was in June 1943, but did not finish his studies until the midyear graduation had there been one.

If you have any extra copies of Rebounds we shall be very grateful to have David on your mailing list or send the news to us and we will send it on to him.

David's address:

Ens. David H. Hax U.S.N.R
Ind. Dept. R.M.O. Navy No. 926
C/o F.P.O. San Francisco, Calif.

Cordially yours,

Emily W. Hax
Mrs. George L. Hax
3635 Tracy Avenue
Kansas City 3, Mo.

If there is a charge for Jayhawker Rebounds please let me know, or I shall be happy to contribute to its maintenance.
E.W.H.
